Subd. 6. For purposes of this section, "specified sexual activities" shall mean activities consisting of the following:

85.022. Cabaret Dancing. Subdivision 1. It is declared to be the purpose and intent of this ordinance to protect the public health, safety, and welfare of the community at establishments featuring erotic dancing by curtailing the varied criminal offenses which are associated with erotic dancing. The City of Rochester Common Council has determined that erotic dancing may lead to an increase in prostitution, sexually-transmitted diseases, drug and alcohol offenses, and other criminal activity. However, in recognition of the protections afforded to the citizens under the First and Fourteenth Amendments, it is not the intent of this section to inhibit the freedom of speech component of erotic dancing. Instead, this section represents a balancing of competing interests: reduced criminal activity through the regulation of erotic dancing versus the protected rights of erotic dancers and their patrons. Thus, this section is designed to alleviate undesirable social problems that accompany erotic dancing without curtailing the constitutionally-protected expression (i.e., dancing).

Subd. 2. The following definitions shall apply to words used in this section:

85.26. Smoke Free Medical Zone. Subdivision 1. The State of Minnesota adopted its Freedom To Breathe Act of 2007 in order to protect employees and the general public from the hazards of secondhand smoke by eliminating smoking in public places, places of employment, public transportation

and at public meetings. In that law, the Minnesota legislature specifically authorized home rule charter cities to enact and enforce more stringent measures to protect individuals from secondhand smoke. The Common Council determines that secondhand smoke is a detriment to the public health, safety and welfare and the quality of life of the citizens and visitors of the City. By the adoption of this ordinance, the City seeks to further protect its citizens and visitors seeking medical care from the harmful effects of secondhand smoke, and thereby promoting the public's health, safety and welfare.

Subd. 2. It shall be unlawful for any person to engage in smoking within the Second Avenue S.W., public right-of-way from the south line of the Center Street right-of-way to the termination of the Second Avenue S.W., right-of-way at the north line of the Annenberg Plaza; and also that part of the West Center Street right-of-way from the centerline of First Avenue S.W., extending westerly to the centerline of Third Avenue S.W. The term "smoking" means the inhaling or exhaling of smoke from any lighted cigar, cigarette, pipe, or any other lighted tobacco or plant product. "Smoking" also includes carrying a lighted cigar, cigarette, pipe or any other lighted tobacco or plant product intended for inhalation. (3960, 3/15/10; 3973, 6/21/10)

85.27. Smoke Free Bus Shelters. Subdivision 1. The State of Minnesota adopted its Freedom To Breathe Act of 2007 in order to protect employees and the general public from the hazards of secondhand smoke by eliminating smoking in public places, places of employment, public transportation and at public meetings. In that law, the Minnesota legislature specifically authorized home rule charter cities to enact and enforce more stringent measures to protect individuals from secondhand smoke. The Common Council determines that smoking in and around public transit passenger shelters is a detriment to the public health, safety and welfare and the quality of life of the citizens of the City. Citizens of the City have a right to an environment free from excessive noise and sound that may jeopardize their health, safety or welfare, or degrade their quality of life. By the adoption of this ordinance, the City seeks to further protect its citizens and visitors from the harmful effects of secondhand smoke, and thereby promoting the public's health, safety and welfare.

Subd. 2. No person shall engage in smoking in a public transit passenger shelter or within 15 feet of the opening or entrance point of the shelter.

Subd. 3. For purposes of this section, the term "smoking" means the inhaling or exhaling of smoke from any lighted cigar, cigarette, pipe or any other lighted tobacco or plant product. "Smoking" also includes carrying a lighted cigar, cigarette, pipe or any other lighted tobacco or plant product intended for inhalation.

Subd. 4. For purposes of this section, the term "public transit passenger shelter" shall mean any public or private structure designed to provide shelter to persons waiting to board, or disembarking from, any form of public transportation service designed to transport passengers by means of a public bus or other public motor vehicle.
