10:00 AM to 11:00 AM

At

City Hall

Department of Public Works, **Room 104**
201 4th Street SE

You are invited to a preliminary design meeting to obtain information on the project design and coordinate utility relocation information for the following City of Rochester Project:

State No. SAP 159-106-19

City No. J7270

Reconstruct 2nd Street SE from Broadway (TH63) to Civic Ctr Dr / 3rd Ave SE

This is a **Design –Build, Best Value** project

This project is proposed for the 2012 construction season.

The Project includes complete street removal / replacement, reconstruction as a 10-ton concrete pavement street, sidewalk replacement the entire south side of the street, sanitary sewer and watermain replacement, storm sewer work including catch basin replacement, streetscape features such as lighting, and other work items.

The City will select a team to design and construct this project through an Best Value RFP process. Representatives from the four teams competing for this project will be present at this utility coordination meeting.
