

City of Rochester Taxicab Inspection Form

3/16/2016

Ordinance 95A.08 requires taxicab inspection prior to the issuance of a taxicab company permit and annually thereafter. The inspection is to be completed by an ASE certified mechanic. The inspection must be completed for each taxicab in service.

Please provide this inspection form to an ASE certified mechanic and have them complete the inspection. The form must be completed by the ASE certified mechanic and returned by applicant to the City of Rochester City Clerk's Office.
