

2019 Public Works Construction Project Summary

Rehabilitation of 16th Street SW (J7334)

The project is anticipated to start in August 2019 and be completed in the fall of 2019.

This project will involve spot repairs and replacement of deteriorated concrete pavement panels on 16 Street SW from Salem Road SW (CSAH 22) to Broadway Avenue South.

Project Benefits

Performing this routine maintenance on the concrete pavement will extend the lifetime of the roadway.

Project Location

Construction Impacts

One lane of traffic in each direction will be maintained at all times. Flaggers may stop traffic to facilitate concrete pours.

Project Cost and Funding

The project costs an estimated \$500,000 and is being funded by Municipal State Aid Funds.
