FOR IMMEDIATE RELEASE

16th Street SW concrete rehabilitation project to begin (J7334)

August 5, 2019 - ROCHESTER, MINN. – The 16th Street SW concrete rehabilitation project (J7334) will begin on Friday, August 16, 2019.

This project will involve spot repairs and replacement of deteriorated concrete pavement panels on 16th Street SW from Salem Road SW (CSAH 22) to Broadway Avenue South.

One lane of traffic in each direction will be maintained at all times, though traffic control layouts may switch frequently. Flaggers may be stopping traffic at times to facilitate the pouring of concrete.

The project costs an estimated \$500,000 and is being funded by Municipal State Aid Funds.
