FIRST CLASS CITY • FIRST CLASS SERVICE

FINANCE DEPARTMENT  
201 4th Street SE, Room 204  
Rochester, MN 55904-3779  
(507) 328-2850  
FAX (507) 328-2876

June 20, 2016

To the Honorable Mayor, Members of the Common Council, and the Citizens of the City of Rochester:

Minnesota statutes require all cities to issue an annual report on its financial position and activity prepared in accordance with generally accepted accounting principles (GAAP), and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants or the Office of the State Auditor. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the City of Rochester for the fiscal year ended December 31, 2015.

This report consists of management's representations concerning the finances of the City of Rochester. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Rochester has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Rochester's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City of Rochester's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City of Rochester's financial statements, with the exception of the electric and water funds and the Destination Medical Center Corporation (DMCC), a discretely presented component unit, have been audited by Smith, Schafer and Associates, Ltd., a firm of licensed certified public accountants. The electric and water funds have been audited by Baker Tilly, Ltd. The DMCC has been audited by CliftonLarsonAllen, LLP. These funds and component unit are included in this comprehensive report. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Rochester for the fiscal year ended December 31, 2015, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Smith Schafer and Associates concluded, based upon their audit, and relying on the audits of Baker Tilly and CliftonLarsonAllen, that there was a reasonable basis for rendering an unmodified opinion that the City of Rochester's financial statements for the fiscal year ended December 31, 2015, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City of Rochester was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the City's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the City of Rochester's separately issued Single Audit Report.

## **CITY OF ROCHESTER, MINNESOTA**

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Rochester's MD&A can be found immediately following the report of the independent auditors.

### **PROFILE OF THE GOVERNMENT**

The City of Rochester, incorporated on August 5, 1858, is located in the southeastern part of the State of Minnesota, which is considered to be one of the top growth areas in the state, and one of the top growth areas in the country. The City currently has a land area of nearly 55.19 square miles and serves a population of 111,850. The City of Rochester is empowered to levy a property tax on both real and personal properties located within its boundaries. It also is empowered by state statute to extend its corporate limits by annexation, which is done periodically when deemed appropriate by the governing council.

The City of Rochester is governed under a charter adopted August 22, 1904. Policy-making and legislative authority are vested in a governing council consisting of the mayor, the council president and six council members. The governing council is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, and hiring both the City's administrator and attorney. The City's administrator is responsible for carrying out the policies and ordinances of the governing council, for overseeing the day-to-day operations of the City, and for appointing the heads of the various departments. The council is elected on a non-partisan basis. Council members, the president and mayor all serve four-year staggered terms, with four of these positions elected every two years. Six of the council members are elected by ward. The mayor and council president are elected at large.

The City has a discretely presented component unit, the DMCC. The Corporation was established to benefit the City, and more broadly, Olmsted County and the State of Minnesota by researching, preparing, and implementing a master development plan, including facilitating public infrastructure projects and a variety of development and redevelopment projects, all to promote and provide for the establishment of the City, the County, and the State as a world destination medical center. Separate financial statements are issued by the DMCC.

The City of Rochester provides a full range of services including police and fire protection; construction and maintenance of streets and infrastructure; recreational facilities, library and cultural events; water, sewer, electric, storm water management, public parking, mass transit and airport services.

The annual budget serves as the foundation for the City of Rochester's financial planning and control. All departments and agencies of the City of Rochester submit requests for appropriation to the city administrator in August of each year. The city administrator uses these requests as the starting point for developing a proposed budget. The city administrator then provides this proposed budget to the council for review prior to November. Work sessions are then held with the council covering each department budget. The council is required to hold public hearings on the proposed budget and to adopt a final budget no later than December 31, the close of the City of Rochester's fiscal year. The appropriated budget is prepared by fund, function (e.g., public safety), and department (e.g., police). Department heads may make transfers of appropriations within a department. Any changes to the budget at the functional level (e.g. General Government, Public Safety, Public Works, etc.) must be by formal resolution of the City Council. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the general fund, this comparison is presented on page 25-26 as part of the basic financial statements for the governmental funds. For governmental funds, other than the general fund, with appropriated annual budgets, this comparison is presented in the governmental fund subsection of this report, which starts on page 89.

## CITY OF ROCHESTER, MINNESOTA

### FACTORS AFFECTING FINANCIAL CONDITION

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of Rochester operates.

**Local economy.** The third largest City in Minnesota, Rochester is located 78 miles southeast of Minneapolis and St. Paul. Rochester's strong economy is built around world-renowned health care, cutting-edge technology, agriculture and agribusiness. As home to the Mayo Clinic and IBM Rochester, the City has developed into an economic growth center and the cultural hub of southeastern Minnesota. Its many recreational and cultural activities draw people from southeastern Minnesota and northern Iowa. Add these benefits to a low crime rate and an exceptional school system and it is easy to see why Rochester continues to rank as one of the top places to live.

Recent indicators of Rochester's economic climate include:

- **Jobs.** Total Nonagricultural wage and salary employment for the Rochester Metropolitan Statistical Area (MSA) grew over the last year at a rate of 1.7 percent. The gain of 1,900 jobs brought the total employment figure up to 116,626 from last year's December level of 114,726. Through the first quarter of 2016, the total employment dropped to 115,528 for a loss of 1,098 jobs. However, this is still an increase of 802 jobs from last year's December level.
- **Unemployment.** The Rochester MSA unemployment rate dropped by .2 percent from a year ago, ending first quarter of 2016 at 3.9 percent. The rates for January and February were both 3.9 percent. The Rochester average remains below the state and U.S. averages of 4.6 and 5.1 percent respectively.
- **Home Sales.** First quarter 2016 single family homes sales in Rochester were \$76,057,613. This represents a decrease of 19.3 percent over first quarter 2015, an increase of 19.9 percent over 2014, 15.7 percent over 2013, and 37 percent over 2012.

The average home in Rochester sold for \$208,377 during the first quarter of 2016, and the median sale price was \$169,900. There were 365 units sold during the first quarter and the average time on the market was 100 days. (source: SE Minnesota Association of Realtors)

- **Building Activity.** Commercial and residential building permits issued for 2015 totaled \$484,095,237. Permit totals were up 21.7 percent from a year ago, 47 percent over 2013, 47.1 percent over 2012 and 135.5 percent over 2011. This growth continued during the first quarter of 2016 with permits for just this quarter totaling \$120,241,049. This represents increases of 35.3 percent over first quarter 2015, and 52.6 percent over the same quarter of 2014.
- **City Sales Tax.** Net sales tax collections by the City through its 0.5% local option sales and use tax during 2015 totaled \$11.6 million, up 6 percent from 2014 collections of \$10.8 million.
- **City Lodging Tax.** Lodging tax collections by the City during 2015 totaled \$8.6 million, up 9% from 2014 collections of \$7.8 million.

## CITY OF ROCHESTER, MINNESOTA

**Long-term financial planning.** The Rochester council is directing City staff on numerous projects that will affect the growth of the City. A partial list includes:

- Destination Medical Center (DMC). By April 23, 2015, both the City Council and the Destination Medical Center Board had formally adopted the DMC Development Plan, a comprehensive framework for the 20-year project that will redefine downtown Rochester. The plan is similar to a strategic business plan that addresses land use, transportation, infrastructure, business development, marketing and operational strategies over the 20 year period. The State legislature approved final language amendments in early 2015 to the 2014 law, a \$6 billion economic development initiative to secure Minnesota's status as a global medical destination center now and in the future. This legislation secured State, City and County funding of \$585 million to help construct the significant public infrastructure needed to support this growth.
- University of Minnesota Rochester (UMR). The University of Minnesota continues to develop its targeted health sciences campus in Rochester's downtown area. Additional land compilation and clearing occurred in 2014 in further preparation for the campus expansion near Rochester's downtown Soldiers Field Golf Course. UMR's stated long-term plan is for a 5,000-student campus in Rochester's downtown area, building off synergies with the Mayo Clinic and IBM.
- Sales Tax Projects. Projects authorized under the 2011 local option sales tax extension were all under construction during 2015. The relocation/expansion of Fire Station 2 was completed by the end of second quarter of 2015 and the expansion of the City's Recreation Center and construction of an adjacent new Senior Center are due for completion by the end of 2016. Road construction projects by both the City and the County as authorized under this funding source were also underway and the construction of the University Center Rochester's CTECH facility and stadium expansion were nearing completion by the end of the first quarter of 2016.
- Mayo Civic Center Expansion. Construction of the Mayo Civic Center expansion project was in full swing during 2015. The total \$84 million project is funded by \$35 million in State bonding monies and \$49 million in City funds raised through an additional 3% lodging tax within the City. The expansion will nearly double the size of the facility, adding 188,000 square feet, 1,000 jobs in the near term and an estimated \$370 million to the Rochester area economy over the next 10 years. The new space was over 75% enclosed by the first quarter of 2016 and on schedule for opening in early 2017 with renovations of existing space to be complete by the fall of 2017.

## CITY OF ROCHESTER, MINNESOTA

### AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Rochester, Minnesota for its comprehensive annual financial report for the fiscal year ended December 31, 2014. This was the forty-fifth consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the government must publish an easily readable and efficiently organized comprehensive annual financial report. This report satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement Program's requirements, and we are submitting it to GFOA to determine its eligibility for another certificate.

The preparation of this report could not be accomplished without the professional, efficient services of many dedicated people. We first express our appreciation to all members of the Finance department who assisted and contributed in preparing the report. We also thank the staff of Smith, Schafer and Associates, Ltd. for their assistance and review of the document. And finally, we acknowledge the Mayor and the members of the Common Council for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted,

Dale R. Martinson  
Director of Finance

Stevan E. Kvenvold  
City Administrator
