FOG Program Cleaning and Maintenance Log Sheet

Per the City of Rochester's FOG Ordinance, this information must be recorded for every maintenance and cleaning activity on the grease interceptor that is completed by the facility. This log must be available for inspection by City staff at any time. Cleaning logs must be kept on site for a period of 3 years.

Date	Name of Company or Name of Person Cleaning Interceptor	Certified Hauler Number (if applicable)	Total Liquid Depth of Interceptor	Fats, Oil and Grease Measurement (inches)	Solids Measurement (inches)	% Full	Maintenance Comments	Destination of Waste	Verification by Owner or Manager (Initials)

Use the following formula to calculate % full: $\frac{\text{(Inches of FOG) + (Inches of solids)}}{\text{Total Liquid Depth (inches)}} \times 100 = \%\ \text{Full}$
